

DECK 9

**SKY
LOUNGE**

Alufam Marine glazed products provide evident fire protection against radiant and conductive heat transfer. Furthermore the high strength aluminium framing gives the ultimate durability and flexibility with various anodizing and powder coating options available.

All products are certified by Bureau Veritas and made to be used in coastal and marine environments. Our marine series are custom made and hand-crafted in Denmark, Scandinavia.

PRODUCT: DOUBLE LEAF SLIDING DOOR

TYPE: SEMI- OR FULLY AUTOMATIC

FIRE CLASS: A60

SOUND REDUCTION: UP TO 38-40 dB

CERTIFIED: BV MED-B

MAX. SIZE: C.O. 2097*2165mm

DOOR FRAME & LEAF

Made from 62/85mm insulated aluminium profiles. As standard delivered in powder coated RAL/NCS colors or anodized in natural shades.

All framings are prepared with predrilled holes for easy fitting. Installation materials such as bolts and screws can be delivered upon request.

Options:

- Special finish for instance brushed or polished stainless steel look or gold/silver anodized.
- Glass with print, manifestation or silk printed.

HARDWARE

Alufam Marine doors are designed with high quality selected hardware and accessories.

Narrow stile mortise lock systems, pull and recessed type of handles, as well as oval cylinders are among the standard choice.

AUTOMATIC

Our fully automatic doors are supplied with electric drive systems, certified and especially made for marine environments.

Manual and semi-automatic doors, also called self-closing doors are equipped with Alufam Marine's aluminium rail system with stainless steel bearings and accessories.

Options:

- Hold open function, various activation controls, emergency power unit and automatic threshold.

Jesper Jensen

This certificate does not allow to issue the Declaration of Conformity and to affix the mark of conformity (wheelmark ) to the products corresponding to this type. To this end, the production-control phase module (D, E or F) of Annex B of the Directive is to be compiled with and controlled by a written inspection agreement with a notified body.

This certificate remains valid until the date stated above, unless cancelled or revoked, provided the conditions indicated in the subsequent page(s) are complied with and the product remains satisfactory in service. This certificate will not be valid if the applicant makes any changes or modifications to the approved product, which have not been notified to, and agreed in writing with BUREAU VERITAS. Should the specified regulations or standards be amended during the validity of this certificate, the product(s) is/are to be re-approved prior to it/they being placed on board vessels to which the amended regulations or standards apply. BUREAU VERITAS is designated by the French Maritime Authority as a "notified body" under the terms of the French Regulations Division 140 Chapter 140-2. This certificate is issued within the scope of the General Conditions of BUREAU VERITAS Marine Division available on the internet site www.veristar.com. Any Person not a party to the contract pursuant to which this document is delivered may not assert a claim against BUREAU VERITAS for any liability arising out of errors or omissions which may be contained in said document, or for errors of judgement, fault or negligence committed by personnel of the Society or of its Agents in establishment or issuance of this document, and in connection with any activities for which it may provide.
